DEPARTMENT OF
WATER RESOURCES

REF: 11-895, 11-896, 11-897, 11-898 and 11-4287

Subject: Todd Lloyd Pump

Dear Paul,

I'm enclosing two 24X36 maps for the Preston-Montpelier Irrigation Company with your service boundaries outlined. Please verify the information as soon as possible and file the necessary transfer to add Todd Lloyd's pump to the water rights and to correct any other necessary information.

The green outline is the draft service area as described in the decree and the pink is what was claimed in the 1960 statutory claim. The decreed service boundary covers 3,400 acres and you can irrigate 3,200 acres within the defined service area. Water right 11-4287 claims 1,161 acres are being irrigated within the pink area. Please confirm the service area boundaries and identify the irrigated place of use within the boundaries.

Please feel free to mark up the enclosed maps. We can send you a final copy once the corrections are complete. If you have any questions please don't hesitate giving me or our Idaho Falls office a call.

Sincerely,

Cindy E. Bird
